

The information contained herein is subject to change without notice. The classifications are offered here as a general guide. Q-SYS and QSC Audio are not liable for any damages or penalties, whether direct or indirect, that may arise from using this information for any purpose. The classifications contained in this document should not replace the exporter/re-exporter's responsibility of ensuring that Q-SYS products and QSC Audio products are exported in accordance with their country specific regulations, as well as U.S. Export Administration Regulations (EAR). Each product, whether a physical commodity, software or technology, has an Export Control Classification Number (ECCN) determined as per EAR. End-user, end-use or country of ultimate destination may affect export licensing requirements.
